

BGWSO: LINE EXTENSION PROCESS

1. APPLICATION FOR LINE EXTENSION: Customer submits application forms for LINE EXTENSION and WATER & SEWER HOOK-UP.
2. SITE VISIT: Operations Staff conducts a site visit and approves project concept.
3. DISTRICT ENGINEER APPROVAL: The permit application, plans specifications, insurance certificates and other data submitted by an applicant for a permit will be reviewed by the District. If the District finds that the plan described in an application conforms to the requirements of the Rules and Regulations, and that all required fees have been paid, a permit will be issued. All applications will be reviewed and comments returned to the applicant or a permit issued.
 - a. The contractor shall provide three sets of Engineer-approved plans to the District for final approval. When the District issues a permit for work for which plans are required, the Engineer will endorse the plans in writing. The endorsed plans and specifications shall not be changed, modified or altered without authorization from the District.
4. Construction meeting to be held between the District and the contractor.
5. A permit must be issued by the District before any work can begin.
6. A final inspection and acceptance of work completed will be conducted by the District.

The above items may be submitted by mailed or dropped off at the following address:

APPLICATION FOR LINE EXTENSION FORM

Property owners desiring the extension of District water or sewer lines shall be required to bear the cost of such extensions to a location specified by the District, which will ensure uninterrupted mainline operations when subsequent line extensions are required.

All fees are subject to the District's current fee schedule.
